

JUMP OFF

There is no score sheet for Jump Off---

HOWEVER---Judges will be looking for NOT JUST Height! They are watching for Pointed toes—body form—execution---landings—

So keep in mind that a Jumper may have a very high jump but may not make it to the next round—because another jumpers has better technique but not necessarily the height Of course if you do have the height make sure you have all the elements to go along with it!!!

This is how the Jump Off works.....

You will be given a number and put into groups of 5-6---

The first round----

You must perform two jumps 1st mandatory Toe Touch 2nd Your choice

Judges will pick 1-2 people that had the best jumps out of the group

Those 1-2 will move onto 2nd round---

You must perform two jumps 1st mandatory Toe Touch 2nd Your choice

Once again judges will pick 1-2 to move on---

We will keep competing in rounds until we are down to 5-8 best Jumpers

Lastly---those last 5-8 jumpers will be asked to do a Jump and Judges will RANK the Jumpers---1st, 2nd, 3rd, 4th, 5th ---And not reveal the rankings until the awards ceremony

****Remember that after the first round—Judges may ask jumpers to perform more difficult jumps****
